Parent to Parent- Thinking Games

Between school, errands, and activities, my family spends lots of time on the go. I decided to use some of it for "thinking games." I taught my kids a game my parents used to play with me, called "Would You Rather?" I offer two options and ask which they prefer and why. For example, I might say, "Would you rather live near the beach or the mountains?"

My son came up with a game he named, "Three Favorites." Someone picks a category (outfits, movies), and we all tell our top three choices. My daughter thought of "What Doesn't Belong?" We take turns naming items and asking the others to explain which is the odd one out and why. The kids especially like this game because there can be more than one "right" answer.
