## Bringing toys to school:

HCCS are aware that electronic “gadgets”, including iPods, Game Boys, etc. are not allowed at school. However...every now and then children choose to bring other toys to school. The latest “fad” at HCCS appears to be small skate boards called “Tech Deck”. These and other toys would be fine to bring to school to play with during recess. However, often times students play with these toys during class. This practice distracts other students. Any toys that are found to be disruptive to the class will be confiscated and sent to the office. Please understand that we cannot guarantee that items taken from a student that are disruptive to the class will be safe and free from theft. All teachers are now required to send these items to the office to be held in our office safe until the parent/legal guardian picks them up at school. Again, we cannot be held liable for toys that are brought to school, have been disruptive to the class, and have been confiscated by a teacher. Please consider this internal policy when allowing your child to bring toys to school.

### Fire Prevention Week at HCCS

The crew of five showed the children how they respond to fires, the clothing that is worn at that time, and advised the children of the do's and don't's during a fire.

As you meditate on each bead, imagine yourself “there”, take the role of any person in that scene, or be a bystander.

### Mysteries of the Rosary

*Historians think the Rosary developed slowly from the 1100s to 1569, during a time when Catholics were cut off from any real participation in the liturgy. In 1569, Pope Pius V brought the Rosary to its current form and recommended it be used to meditate on the “mysteries whence recall the entire life of our Lord Jesus Christ.” The Rosary is a powerful prayer and a wonderful way to express love for our Lord and his Mother.*
